Individuals interested in registering under this category typically are:  
• Persons with cerebral palsy or other childhood-onset disabilities and their families  
• Employees or volunteers for a patient advocacy or charitable organization  
• Persons not part of organizations that offer CME/CEUs for professionals  
Note: Individuals registered under this category are not eligible to receive CME/CEU credit for their attendance at the Annual Meeting

Please select additional courses and special events on following pages.
### Registration Form

#### Which ONE of the following best describes your primary area of practice?

- [ ] Administration
- [ ] Certified Orthotist
- [ ] Dentistry
- [ ] Developmental and Behavioral Pediatrics
- [ ] Dietitian/Nutrition
- [ ] Education
- [ ] Engineering
- [ ] Family Practice
- [ ] General Medicine
- [ ] General Surgery
- [ ] Hand Surgery
- [ ] Internal Medicine
- [ ] Kinesiology
- [ ] Neurodevelopmental Disabilities
- [ ] Neurology
- [ ] Neurosurgery
- [ ] Nursing
- [ ] Obstetrics & Gynecology
- [ ] Occupational Therapy
- [ ] Ophthalmology
- [ ] Orthopaedic Surgery
- [ ] Orthotics
- [ ] Pediatric Neurology
- [ ] Pediatrics
- [ ] Physical Medicine & Rehabilitation
- [ ] Physical Therapy
- [ ] Psychiatry
- [ ] Psychology
- [ ] Speech
- [ ] Other ________________

#### Which of the following best describes your type of work? (Choose as many as apply.)

- [ ] Administration
- [ ] Clinical Practice
- [ ] Education
- [ ] Public Policy/Advocacy
- [ ] Research and Development
- [ ] Other ________________

### Session/Event Registration Fees

#### Pre-Conference Sessions

**Tuesday, October 9th**

- [ ] Orthopedic Day 8:00 AM - 5:00 PM $175

**Wednesday, October 10th**

- [ ] Ultrasound Workshop 8:00 AM - 5:00 PM $200
- [ ] PC1 The Complex Genesis of Chronic Pain 1:00 PM - 5:00 PM $75
- [ ] PC2 Design & Conduct of Comparative Effectiveness Trials 1:00 PM - 5:00 PM $75
- [ ] PC3 Hammersmith Infant Neurological Evaluation (HINE) Clinical Workshop 1:00 PM - 5:00 PM $75
- [ ] I plan on attending the Welcome Reception 6:30 PM - 8:30 PM Free

**Thursday, October 11th**

**BREAKFAST SEMINARS – $35**

- [ ] BRK1: “Seeing” Positioning from a Different Angle: Visual Considerations for Positioning and Mobility for the Pediatric Patient with Cerebral Palsy and Cortical Visual Impairment
- [ ] BRK2: AACPDM Spinal Fusion Care Pathway: Evolution, Direction, and Use
- [ ] BRK3: Adaptive Triathlons for Athletes with Cerebral Palsy
- [ ] BRK4: An evidence-based review of physical therapy intervention for individuals who have undergone a Selective Dorsal Rhizotomy
- [ ] BRK5: Clinical- and parent-based rehabilitation options for upper extremity function in infants with cerebral palsy
- [ ] BRK6: Goal Attainment Scaling: Clinical utility and training methods
- [ ] BRK7: Ensuring Stakeholder Engagement in the Creation of New Digital Platforms: Knowing What Tomorrow’s Needs are Today
- [ ] BRK8: Healthy Relationships, Sexuality, and Transition: Important issues to address in helping youth with childhood-onset conditions improve their quality of life in the journey to adulthood
- [ ] BRK9: Improvements in Gait and Posture: Novel Clinical Results and Robotic Technologies

- Select One

**BRK10: Perioperative Anesthesia/Surgical collaboration: working together to maximize outcomes and enhance the patient/family surgical experience**

**BRK11: Recent Practice Changing Publications for the Pediatric Complex Care Provider**

**BRK12: RESEARCH CP: Results from a community-based research prioritization project**

**BRK13: The DCD Advocacy Toolkit: Supporting Diagnosis and Intervention for Children with Developmental Coordination Disorder**

**BRK14: The National Institute of Neurological Disorders and Stroke (NINDS) Updates to the Cerebral Palsy Common Data Elements Version 1.0 Recommendation**

**INSTRUCTIONAL COURSES – $50**

- Select One

**IC1: Addressing the Complex Needs of Infants and Toddlers with Cerebral Palsy and their Caregivers: A Group-Based Interdisciplinary Early Intervention Model**

**IC2: Advanced Technology in Early Intervention: Assessment and Integration**

**IC3: Assessment and Treatment of Adult Patients with Cerebral Palsy and Comorbid Depression**

**IC4: Early Diagnosis of Cerebral Palsy in the US: Translating the 2017 International Guidelines into Clinical Practice**

**IC5: Fixing the femurs, fibres and feet: Impact on fitness, function, friendships and the future!
**Thursday, October 11th continued**

<table>
<thead>
<tr>
<th>BRK6: Incorporating Resistance Training into Episodic Care Improves Function and Participation in Youth with Cerebral Palsy</th>

</tr>
</tbody>
</table>

- Membership Business Meeting & Boxed Lunch: Free: Must register, AACPDM Members only
- Wine & Cheese Poster and Exhibit Review: Free

**Friday, October 12th**

**BREAKFAST SEMINARS – $35**

| IC15: Ageing Trajectory of Pain, Chronic Disease, and Psychological Morbidity in Cerebral Palsy |
| IC16: Caring for the Caregiver: Identification and Management of Stress in Caregivers of Children with Cerebral Palsy and other Complex Neuromotor Disorders |
| IC17: CLEAR-CP: A Transdisciplinary Approach to Diagnosis and Management of Cortical Visual Impairment (CVI) in Children with CP and other Motor Impairments |
| IC18: Destination MACS IV and V: Optimizing assessment tools and treatment goals for children with CP and severe upper extremity dysfunction |
| IC19: Implementing Constraint Induced Movement Therapy/Bimanual Therapy with Toddlers with Cortical Visual Impairment |
| IC20: Integration of Physical Activity Measures into Clinical Practice for Children and Youth with Cerebral Palsy |
| IC21: Interpreting Hip Surveillance X-Rays with the HipScreen App: A Primer for the Radiology Novice |
| IC22: Participation Related Constructs in Practice and Research |
| IC23: Quantitative techniques for assessment of upper extremity movement and function |

- International Networking Luncheon – or – $45
- Ipsen Presentation Theatre (non CME) – FREE
- Networking Dinner & Celebration: Cincinnati Music Hall – $75

**INSTRUCTIONAL COURSES – $50**

- IC18: Hypotonia Care Pathway Update
- IC19: Transformative Journeys into Adulthood: Best practices to promote life skills and to receive emerging adults with childhood onset disabilities into adult care
- IC21: Let’s Do a Spine fusion! A Hands-on Laboratory Introduction to Spine Surgery for Scoliosis in Children with Cerebral Palsy
- IC22: Blazing a Trail for New Journeys through Adaptive Sport
- IC23: Defining Malnutrition in Children with Cerebral Palsy
**Saturday, October 13th**

**BREAKFAST SEMINARS** – $35  
(Please note attendance is limited)  
Select One

- BRK29: Adults with Cerebral Palsy: How can existing sources of large data inform rehabilitation professionals about disparities in outcomes and service utilization?
- BRK30: Autonomic Instability in Children with Medical Complexity
- BRK31: Breaking Down Barriers: Medical-Legal Partnerships to Enhance Access to Care for Youth with Cerebral Palsy
- BRK32: Considerations for Implementing a Constraint Induced Movement Therapy (CIMT) Program
- BRK33: CP and the AACPDM in Historical Perspective – From A Private Men’s Club to International Affiliation
- BRK34: Enhancing muscle health and function in cerebral palsy: What we need to know.
- BRK35: Evidence For Clinical and Research Walking Activity Measurement in Cerebral Palsy with the StepWatch
- BRK36: Family Engagement in a Tertiary Cerebral Palsy Center
- BRK37: Healthy development over the lifecourse of individuals with neurodevelopmental disability – how to think and practice
- BRK38: Overview of drooling management with botulinum toxin injections to salivary glands for children with neuromuscular disorders
- BRK39: Transformation in Action: Translating an algorithm into clinical practice for individuals with cerebral palsy who undergo single event multi-level surgery
- BRK40: Transforming the delivery of therapy services to improve access utilizing telemedicine-based approach
- BRK41: Using virtual reality as a non-pharmacological intervention for pain and anxiety with a focus on developmental disability populations

---

**INSTRUCTIONAL COURSES** – $50  
Select One

- IC32: 24 hour positioning and equipment management of the complex neurological patient across the lifespan
- IC33: An overview and update of evaluation and management of pain in people with Cerebral Palsy
- IC34: Botulinum toxin and spastic equinus. Re-Treat or Retreat?
- IC35: Augmentative and Alternative Communication (AAC) Evaluation and Treatment: An Interdisciplinary Model
- IC36: Conduct multi-center clinical research with the Cerebral Palsy Research Network
- IC37: Cycling for People with Cerebral Palsy or other Childhood Onset Disabilities
- IC39: New and emerging research directions for the management of feeding and swallowing disorders in CP
- IC40: On the Journey Together Translating the GMFCS into Practice: Clinician and Caregiver Perspectives
- IC41: Optimizing feeding and swallowing in children with physical and developmental disabilities: A practical guide for clinicians
- IC42: Orthopaedic Surgery for the Spine and Lower Limb in Children with Cerebral Palsy
- IC43: Project TEAM: A group intervention to teach transition age youth with developmental disabilities to problem solve physical and social environmental barriers to participation
- IC44: Roles of Distal Femoral Extension Osteotomy and Patellar Tendon Advancement in the Treatment of Severe Persistent Crouch Gait in Adolescents and Young Adults with Cerebral Palsy.
- IC45: The Years Top 10 Articles on Developmental Disabilities
