## **The American Academy for Cerebral Palsy and Developmental Medicine Welcomes Robert Lane Wimberly, MD as New Director at Large**

***The AACPDM Board of Directors is excited to announce one of its newest Director at Large, Robert Lane Wimberly, MD.***

**Milwaukee, WI., September 1, 2023** – The American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) is pleased to announce Robert Lane Wimberly, MD as a 2023-2024 Director at Large.

Lesley Pritchard, PT, PhD, AACPDM President (2022-23) stated, “Lane’s extensive knowledge and clinical experience and commitment to the AACPDM make him well-suited for the AACPDM Board of Directors. His dedication to the Academy and his field have prepared him for this leadership role, and the Academy is pleased to have him on board.”

Dr. Robert Lane Wimberly is a Professor of Orthopaedic Surgery at Scottish Rite Hospital, at Children’s Health, and at the University of Texas Southwestern Medical Center in Dallas, Texas. He is the Medical Director of the Movement Science Laboratory helping to guide the clinical and research activities at two separate active motion analysis facilities. He is the orthopaedic surgery director of the Cerebral Palsy program at SRC and manages the multidisciplinary clinic with his colleagues.

Dr. Wimberly has been an active member of the AACPDM having served on the Scientific Program Committee (2021), the Nominating Committee (2020), and as a member and subsequent Chair of the Awards Committee (2018-current). He is also an active member of the Pediatric Orthopaedic Society of North America, the American Academy of Orthopaedic Surgery, the Orthopaedic Trauma Association, and the American Academy of Pediatrics.

### **ABOUT AACPDM:**

The American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) is a group of more than 1,100 healthcare professionals committed to improving the health and quality of life for individuals with cerebral palsy and other childhood-onset disabilities. What sets AACPDM apart is the collaborative approach of its members, who work together to create a global network that delivers the best possible outcomes for patients. Among our members are pediatricians, neurologists, surgeons, physiatrists, therapists, nurses, special educators, engineers, and scientists.
