Thursday, October 11th	
BREAKFAST SEMINARS – \$35 (Please note attendance is limited)	Select One ✓
BRK1: “Seeing” Positioning from a Different Angle: Visual Considerations for Positioning and Mobility for the Pediatric Patient with Cerebral Palsy and Cortical Visual Impairment	
BRK2: AACPDM Spinal Fusion Care Pathway: Evolution, Direction, and Use	
BRK3: Adaptive Triathlons for Athletes with Cerebral Palsy	
BRK4: An evidence-based review of physical therapy intervention for individuals who have undergone a Selective Dorsal Rhizotomy	
BRK5: Clinical- and parent-based rehabilitation options for upper extremity function in infants with cerebral palsy	
BRK6: Goal Attainment Scaling: Clinical utility and training methods	
BRK7: Ensuring Stakeholder Engagement in the Creation of New Digital Platforms: Knowing What Tomorrow’s Needs are Today	
BRK8: Healthy Relationships, Sexuality, and Transition: Important issues to address in helping youth with childhood-onset conditions improve their quality of life in the journey to adulthood	
BRK9: Improvements in Gait and Posture: Novel Clinical Results and Robotic Technologies	

BRK10: Perioperative Anesthesia/Surgical collaboration: working together to maximize outcomes and enhance the patient /family surgical experience	
BRK11: Recent Practice Changing Publications for the Pediatric Complex Care Provider	
BRK12: RESEARCH CP: Results from a community-based research prioritization project	
BRK13: The DCD Advocacy Toolkit: Supporting Diagnosis and Intervention for Children with Developmental Coordination Disorder	
BRK14: The National Institute of Neurological Disorders and Stroke (NINDS) Updates to the Cerebral Palsy Common Data Elements Version 1.0 Recommendation	
INSTRUCTIONAL COURSES – \$50	Select One ✓
IC1: Addressing the Complex Needs of Infants and Toddlers with Cerebral Palsy and their Caregivers: A Group-Based Interdisciplinary Early Intervention Model	
IC2: Advanced Technology in Early Intervention: Assessment and Integration	
IC3: Assessment and Treatment of Adult Patients with Cerebral Palsy and Comorbid Depression	
IC4: Early Diagnosis of Cerebral Palsy in the US: Translating of the 2017 International Guidelines into Clinical Practice	
IC5: Fixing the femurs, fibres and feet: Impact on fitness, function, friendships and the future!	

Thursday, October 11th continued	
IC6: Incorporating Resistance Training into Episodic Care Improves Function and Participation in Youth with Cerebral Palsy	
IC7: 7 Effective Habits for Hip Health	
IC8: Developing Care Coordination Program – Cerebral Palsy	
IC9: Long-term development and early predictors of participation of adults with CP in domestic life and interpersonal relationships: Implementation using co-creation	
IC10: Neuro-orthopaedic Journal Club: Top 10 Articles in the Last Year Relating to the Orthopaedic Management of Children with Neuromuscular Disorders	
IC11: Persistent Toe Walking: Current Approach to Evaluation and Treatment	
IC12: START-Play: Jointly advancing motor and cognitive development in infants with motor delays	
IC13: The Right to Eat: Can training caregivers improve participation in feeding for children with cerebral palsy?	
IC14: Transforming the research journey through stakeholder engagement	
IC15: Ultrasound Guided Injections using Alcohol and Phenol in Spasticity Management	
IC16: When Less is More: A Novel Intervention to Promote Self-Generated Postural Control in Infants and Toddlers with Movement Disorders	
<input type="checkbox"/> Membership Business Meeting & Boxed Lunch	Free:
Must register, AACPD Members only	
<input type="checkbox"/> Wine & Cheese Poster and Exhibit Review	Free
